EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Garth Janke on July 7, 2004.

The application has been amended as follows: claims 1, 3-4, 14, and 21 have been canceled.

Allowable Subject Matter

2. Claims 10-13 and 26-27 are allowed.

3. The following is an examiner's statement of reasons for allowance: no prior art has been found to teach, disclose, or fairly suggest an apparatus for reducing contamination of an article, comprising a coating on selected portion of the container, wherein the coating is consisting essentially of titanium dioxide; in combination with all of the other limitations of claim 10.

The prior art of Fuji et al. (US Pat. 6,395,240) is cited of interest. Fuji teaches a carrier box (an apparatus) for a semiconductor substrate or wafer, comprising a plastic container (synthetic resin) such as polycarbonate, which holds the semiconductor wafers (see abstract; Figs. 1-6; col. 5, ln. 47-59). The carrier box is equipped with a cleaning mechanism, which uses a photo-catalyst for cleaning inside the box (see col. 3, ln. 10-24; col. 4, ln. 1-2). The photo-catalyst serves to remove gaseous contaminants and preferably made of a semiconductor

material, such as TiO_2 alone or with other compounds (see col. 8, ln. 25-52). Fuji, however, differs from the presently claimed invention in that the reference teaches the photo-catalyst to be coated on a plate that is attached to the container, and not coated on the container directly.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thao T. Tran whose telephone number is 571-272-1080. The examiner can normally be reached on Monday-Friday, from 8:30 a.m. - 5:00 p.m..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James Seidleck can be reached on 571-272-1078. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
